

The gift of life - it is better to give (if you can) than receive

One cannot help but feel a great deal of concern when reports are received from major centres to the south about the shortages of whole blood stocks. In some cases elective surgery must be postponed to help maintain adequate supplies for emergencies. As well, special appeals are made on an increasing basis just to keep sufficient stocks on hand. Several weeks ago we received a suggestion from one of our readers that people in the Highlands would be eager to donate blood, but clinics are never held here. Times reporter David Swail attempted to find out why this situation exists. This is his report.

There is one resource in the world that is plentiful in every community but never exists in adequate supply - whole blood. If you live in a community like Minden, doing your part by giving blood is unfortunately not as easy as rolling up your sleeve and looking for a hospital. Even successful urban clinics are threatened by increasing costs, and rural volunteers are left out by the problems of transporting blood.

Every clinic depends on specialized equipment and personnel, and not every hospital has the resources to set up one of its own. While each clinic represents a huge expense in operating costs, moving doctors, nurses and equipment to rural areas would create even greater costs, and there is never

a guarantee that there will be enough donors to make the move worthwhile. For a village like Minden, therefore, the only solution is to move the donors to the clinics.

For Jim Burton, regional chairman of the Red Cross for the Minden area, the operation of blood donor clinics is a full time concern. Burton looks after thirteen Red Cross branches in the region, of which only four -- Peterborough, Lindsay, Belleville and Bancroft -- are equipped to conduct clinics. Among these four, only Peterborough and Lindsay have the blood banks to store what the clinics yield. That means Minden and Haliburton residents all rely on the whole blood supply in Lindsay.

Burton is well acquainted with the problems of transport-

ing blood. He explains that, even under controlled conditions, blood can only be safely transported for about one hour. Even when blood is needed in Peterborough from the larger Toronto supplies, it is flown. As a result, it is the patient who is transported to the blood, and not the reverse.

The idea of a helicopter to fly Minden blood to Lindsay banks hasn't escaped Burton, but it is simply too expensive to make itself pay. Burton explains, "Blood is like cars or steel or anything else -- when it comes to supply, it all boils down to dollars."

The ideal solution for the Highlands is transporting the donors to Lindsay by bus, an idea that has been tried in

Snowarama raises record amount

Despite a drop in the number of riders, the Haliburton County edition of Snowarama has beaten all previous fund raising records.

Close to \$24,000 was raised in the annual snowmobile run Saturday. Last year the same event raised \$21,000, and so the increase can be classified as an impressive jump.

Sponsored by the Minden and Haliburton Rotary Clubs, the snowmobile run is held each year to help raise money for crippled children in Ontario. Held in conjunction with similar events throughout the province, the snowarama attracts riders from all over Ontario. Prior to the ride they collect sponsorships based on the number of kilometres they complete. The course is 100 kilometres long. Then they take to the trails to fulfill their commitment to their sponsors and the Easter Seal Society.

This year the Haliburton County Snowarama was divided into two groups, with separate trails being run by riders starting in Haliburton and Minden. According to the organizer, Lionel Walker of Minden, dividing the groups meant the trails stayed in better shape. The event was enhanced this year as well by ideal weather conditions.

There were 141 riders registered on the Minden

portion of the ride with \$13,700 being pledged here. In

Haliburton, 53 riders took part raising \$8,700.

The rider carrying the most pledges was Dell Taylor of Beaverton who completed the Minden loop with \$1,565.50 being earned. Actually, Dell, who has brought in a record number of pledges the past few years, was unable to take part this year. His wife rode the 100 kilometre course for him. Several days before the event Dell suffered a broken leg, and while he was able to attend the registration Saturday morning, all he could do once it was complete was watch as his wife headed off onto the trail.

The rider with the second highest number of pledges was Bill Seedhouse of Mississauga.

A number of riders who had planned to take part in the Gravenhurst Snowarama rode in the local one. The Muskoka event was cancelled because of the heavy snow.

Many of the participants joined other members of the community at the community centre for a dance sponsored by the Minden Rotary Club.

It is expected the entire Ontario Snowarama campaign will raise over one million dollars this year.

Students from Mr. Irish's Grade five class at Archie Stouffer Elementary School in Minden enjoy a respite from the confines of the classroom. The cookouts were part of the Winter Carnival celebrations held at the school.

Highlands balloon takes off

The manager of the Haliburton Highlands Chamber of Commerce, Bob Stinson, has confirmed that the Chamber will participate

with the Sky Slider owner in promoting the Haliburton Highlands.

Members of the board of directors of the Chamber

agreed to go along with the program at a meeting this week. The Chamber had been seeking \$8000 in voluntary support from its members for the program. According to Stinson \$7,476 has now been raised and the board feels it can make a commitment to proceed.

The Chamber will fly a

large banner from a hot air balloon, over 16 Toronto area shopping malls during the spring and early summer. The banner on the other side of the balloon will promote the Sky Slider.

In conjunction with the balloon's appearance at a mall, a booth will be set up inside the mall where

literature on the Highlands will be available to those requesting it.

The Chamber will continue to canvas members seeking additional funding for the project. According to Stinson, funds over the \$8,000 limit will be used to manufacture a top quality display booth.

The gift of life

(from page 1)

Minden before. A few years ago the Kinsmen Club of Minden, working with bus owner and driver Eldon Deacon, put on a drive to organize donors for a bus trip to Lindsay. Burton had the Lindsay clinic standing by and Deacon's buses were running, but there were simply too few donors to make the venture worthwhile. Burton called Lindsay and the doctors went home.

In order for a clinic to be a success, Burton explains, there must be at least two hundred donors pledged before the clinic starts. Of those two hundred he says, perhaps one hundred and fifty will be eligible to give blood: unseen complications always turn up during testing, and problems like past diseases and blood composition can disqualify a volunteer, no matter how eager.

The Kinsmen had the right approach, but the promotion just wasn't enough. Paul Heffer of the Minden I.D.A., the man who organized the last drive for the club, feels that the promotion wasn't given enough attention. Burton adds that cooperation with Haliburton is probably the only way to muster the two hundred volunteers necessary to make the clinic succeed. The Kinsmen's last effort was run independently in Minden, and they fell far short of the two hundred donor goal.

The same problems that hamper a Minden bus clinic are plaguing clinics all over the province. The high cost of medical technicians and their equipment is shutting down clinics in all but major centres, so not only is the blood supply low, but the economy is threatening it even further. At a recent meeting in Toronto, Burton and other region chairmen appealed to the Canadian Division of the Red Cross for money to keep their clinics alive. The five Lindsay area clinics may soon be reduced to three unless funds are forthcoming.

According to Robert Luke, the demand for blood increases as the summer months arrive — and as head of the Minden ambulance service, Luke has learned the patterns very well. He explains that the summer months bring an influx of traffic and a movement of people all over the province which in turn pushes the accident rate up.

But, despite the high costs and the problems of transportation, Burton remains enthusiastic about the possibility of a bus clinic for Minden. "If this area wants to give blood," he says, "we're more than willing to provide all the help needed." But because the Red Cross is beset with problems just trying to keep the existing clinics open, Burton feels that a Minden bus clinic needs the support of a local club to get off the ground. With proper promotion and good community support, he says, the Lindsay clinic may get another chance to welcome donors from Minden.

Slush - the hidden hazard

This year's extraordinary snowfall has brought an increased hazard to area lakes — slush. Hidden slush was responsible for stranding four snowmobilers in the Minden area the last weekend in January and Thursday afternoon, February 4, no less than sixteen snowmobilers became bogged down in slush while riding on Sherbourne Lake. The three incidents were not only a threat to the safety of those involved, but a lot of man hours and expense were necessary to set things right. So while the bumper year for snow has trails in top form, it's creating havoc for those who venture onto the lakes.

John Davidson is in charge of the snowmobile trail program at the MNR, and experience has taught him what a danger hidden slush on lakes can be.

According to Davidson, in years of normal snowfall slush is not nearly the hazard it has become this season. The weight of snow lying on lake ice causes the ice covering to

Snowmobiles versus cars

There were two accidents involving snowmobiles and cars on the weekend. William Englert, 25, of Scarborough was crossing the Minden Main Street bridge when he collided with a car being driven by Eleanor Young, 51, of Lochlin. P.C. Weldon Popp investigated the case. No charges were laid.

Constable Popp was on hand again for a similar incident Sunday when a snowmobile collided with a car on Minden Road 1 in Lutterworth Township. Corey Walker, 20, of Lutterworth township was following a car driven by Les Booth, 20, of Minden, when Booth turned into a driveway. Because of poor visibility in blowing snow, Walker was unable to stop and he collided with the rear of the car.

Snow on roads

Minden OPP are receiving complaints concerning snow being dumped on roadways by people clearing driveways and parking lots. The practice is unlawful under the Highway Traffic Act, and police warn that it could lead to accidents resulting from drivers swerving to avoid piled snow.

sink, which in turn forces water up through any natural cracks or holes in the ice — especially fish holes. The water then lays under the surface snow and combines with it to form the slush that can mire a snowmachine.

Davidson has seen slush up to a foot deep, and, he says, it could probably go even deeper. Water lying under snow reduced the weight of the snow on top, and so balances the weight of snow and slush. Not only does this weight balance help to retain the slush, but the snow layer provides insulation that keeps the slush from firming up into ice.

"There's no given way to tell whether there is slush on a lake," Davidson warns. But

slush is by no means the only hazard to running snowmachines on lakes, he says. A spell of mild weather can reduce four to five inches of ice to open water in a few hours, says Davidson. So it's not simply a matter of getting bogged down, but a matter of disappearing altogether. Davidson speaks his mind clearly on the subject of snowmachines and lakes: "Unless you know the local conditions extremely well, travelling lakes on a snowmobile is asking for trouble."

Part of Davidson's job is to provide alternatives to the risks he warns of. He says the basis of the trail program at the MNR is to get people off the highways and lakes. But while you may know precisely

where you are when you're up to your knees in slush on a lake or pond, trail systems can leave you completely lost unless properly marked. That's why the MNR has installed signs at all the major junctions of the trails in their care, indicating to a snowmobiler his position and the direction trails take from that point.

While this season's heavy snows have increased the dangers of slush on lakes, the trail systems have never been in such good form. Thanks to the work of the MNR and the Haliburton County Snowmobilers Association, it has been a great season so far. And with proper caution from snowmobilers, it will continue that way.

Weavers having problem finding room for loom

An opportunity that local weavers have waited up to four years to get may be lost if the group cannot find a suitable location to set up a special 100 inch wide loom. The Weavers and Spinners Group of the Haliburton Guild of Fine Arts is due to receive the loom May 1.

The item is one of five 100 inch looms which the Ontario Hand Weavers and Spinners owns, according to the head of the local group Judy Chapman. "The Guild group has had its name on the list for four years now," Chapman explained. "It is something the local weavers are looking forward to."

Another member of the group, Donna Vander Wekken pointed out that wide loom permits the weavers to work on projects which are not possible on narrower looms. "I know some members have planned to use the loom to make rugs, table cloths or bed spreads," she said. "Those members with their own looms average 45 inches in width. The largest in the county is 60 inches." The extra width means the large projects need not be done in pieces and later stitched together.

One of the problems in finding a location for the large loom is that the group will have it for a year. "We don't want to have to move it once it is set up," VanderWekken commented. Many of the places we enquired about don't want to be committed for the full year." The group has contacted churches, the owners of empty stores, cultural centres, museums and Hyland Crest, all without success.

"We need a location that is accessible during the day and the evening," Chapman commented. She pointed out that members of the local

group are eager for an opportunity to complete projects on the loom and would want to make use of it as much as possible during its year in the county.

The only other restriction on the location is that it be above ground. This is a demand of the Ontario organization which fears that dampness in a basement could damage the wooden workings of the machine.

"Ideally we'd like a location where other people can see the loom working," VanderWekken commented. "We think people will be interested in how the loom works and perhaps its presence here will help to generate more interest in the craft."

The members of the group have been planning their own projects for the loom. Two weavers work on it at once. However, the group is also planning a special joint project which will be raffled to help cover the cost of the loom. While the rental fee is nominal, the local group will be responsible for maintenance costs and shipping fees for the loom.

The group has been offered space in a room in Lakeview

Centre in Haliburton Village. Chapman noted however that they would have to share the facility with other groups using the same room. "I'm concerned that our activity could be too noisy or distracting if, for example, a meeting is being held in the room at the same time."

"It is unfortunate we could not find room at Hyland Crest," VanderWekken commented. "Other groups have found that the seniors enjoy watching the weavers at work and some even get involved by winding bobbins or helping in other ways."

According to Chapman, the Haliburton County Weavers and Spinners have been waiting for four years to have their chance on the special loom. If they are unable to find a suitable location for it, there is a chance they may find themselves back at the bottom of the list again and another four years away from getting the loom.

Do you know of a location for the loom that might be suitable? If you do, or want more information, contact Judy Chapman by calling 489-2675.

Pair injured following snowmobile collision

Two 19 year-old men are in intensive care in Sunnybrook Hospital in Toronto following a head on collision between two snowmobiles in Minden township on Saturday.

Mark Dennys of Newmarket and Andy Epkenlaus was still in serious condition in surgical intensive care. Dennys' condition was listed as stable. He is in the special patients care unit.

The crash, which caused \$2000 damage to the machines, occurred on County Road 18 near Ingoldsby.

P.C. Weldon Popp was the investigating officer.

Missing men

Four snowmobilers from Dysart township went astray Sunday after a day

snowmobiling in the Haliburton Wildlife Preserve. Mrs. Marion Langton, wife of one of the four, reported them missing at 7:00 that evening. A search party from the Haliburton Reserve found the men at 11 o'clock Sunday night in a cabin on Bear Lake. The four men ran out of gas while riding in the area.

Slush problems

Slush continues to plague area snowmobilers. No fewer than 16 were stranded in slush Thursday when their party ventured out onto Sherbourne Lake south of Dorset.

One of the 16, Keith Miller of Stevensville, freed his machine and called for help from a 'phone at Kushog Korner on Highway 35. Volunteers from the Leslie Frost Centre set out to help

and Tom Prentice mobilized the Minden snowmachine patrol after receiving a radio message of the incident. All but two machines were finally freed and the 16 men rested at the Little Hawk Lodge following the incident. The two mired machines were freed the next day.

Laundromat thefts

Two Haliburton youths have been charged with theft under \$200 after \$70 in coins was stolen from a laundromat owned by Sidney Cooper in West Guilford. The two youths, Christopher Barry, 18, and Jo-ann Teskey, 17, allegedly removed three coin boxes containing the money from machines in the building sometime before January 25. P.C. Al Bibby investigated this case.

Bowling for Brothers

Bowlers from throughout the county will be taking part in the annual Bowl for Millions this Saturday at the Carnarvon Lanes. Proceeds from the event will be donated to the Big Brothers of Ontario and Canada.

The Celebrity Day bowling event will take place Saturday afternoon at 2 o'clock. Prominent members of the county, including members of the local Rotary clubs, politicians and media representatives will be on the line with their eyes on the pins.

During the past few weeks these people have been gathering pledges based on the number of points they will score. The higher their total, the more they will earn for the Big Brothers organization.

Editorial

Needs more study

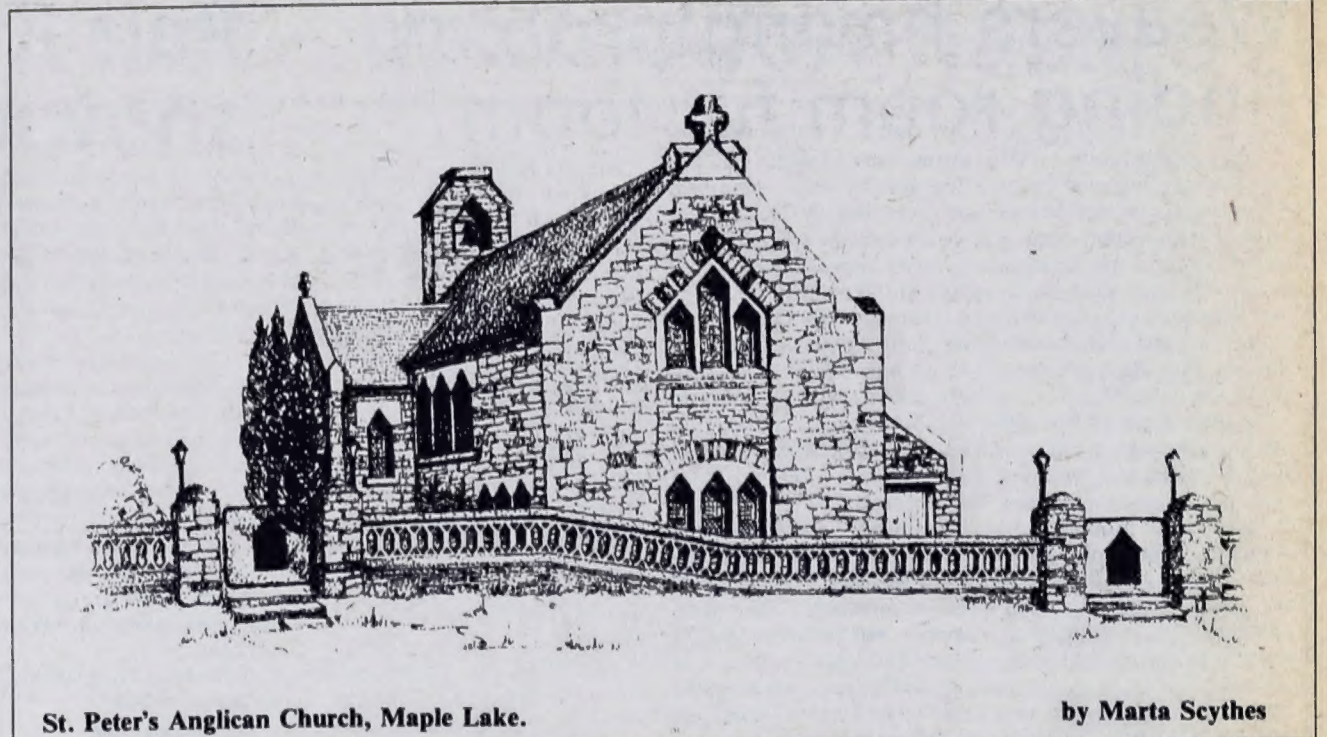

Two weeks ago in this space, we endorsed the principle of dropping the reference to "provisional" in the naming of Haliburton County. Our support for the idea was based principally on the understanding that the county would lose nothing by the change. The main concern of those suggesting caution was that a change in name and status could result in reduced grant support from the provincial government. The proponents said they had been assured that there was nothing to be lost, indeed certain portions of the county could benefit by the change.

Those in favour presented a convincing case. Those taking a more conservative approach, Anson, Hindon and Minden Reeve Lloyd Walker among them, were made to appear overly cautious.

It appears that caution was the prudent route to follow as revealed in a story in last week's Times. According to Ministry of Education officials, certain grants to the Haliburton County Board may be contingent on the provisional status. These grants may indeed be available if the provisional status is dropped, but politicians in the county should be aware of the possible losses which could be incurred by the change.

County Council, before disposing of the provisional title, should appoint a committee to examine all aspects of the change. The potential loss of education grants emerged suddenly. Are there other losses which could occur in the change? All the cards should be on the table and the consequences should be known before any final decision is made. Haliburton has been a provisional county for 114 years. The time it would take for a careful examination of all aspects of the question is short compared to our history.

In light of the possibility of losing education grants, we now feel the matter needs to be studied in depth, with all provincial ministries being polled as to the impact on the county, if the change was made. Only by doing that can everyone be assured that dropping the "provisional" from the county's name is indeed the right step.

St. Peter's Anglican Church, Maple Lake.

Colleges in dire straits

- by John Eakins, M.P.P. -

My colleague, Bill Wrye, M.P.P. (Windsor-Sandwich) recently completed a series of visits to Ontario's colleges and universities. I am in full agreement with Bill that Ontario's community colleges, like its universities, face a funding crisis.

A letter to the Minister of Colleges and Universities from presidents and vice presidents of six Metro area Colleges of Applied Arts and Technology, dated December 14, 1981, confirms that our colleges, like our universities, will soon be on the brink of collapse, if current funding trends continue. The letter predicts that in the coming

fiscal year - beginning in April - six colleges in Metro alone will accumulate operating deficits of \$15 million.

In fact, our college system is being drastically underfunded on both capital and operating budgets.

The Minister's Task Force on College Growth has stated that, "If capital funding continues to be limited as in the recent past, it is inevitable that increasing amounts of operating funds will be spent on capital projects." If colleges are forced to use operating dollars to carry out repairs, how can they maintain existing program quality?

Faced with a critical situation, the presidents have proposed two possible alternatives to the Minister - one to cut services, the other to increase fees in all areas. Both options are cause for grave concern, coming as they do at a time when more than half the students who apply to colleges are turned away even though they meet entry requirements, and when young people find it harder to raise the money to pay college fees, due to the existing state of the economy.

The Minister could solve the dilemma by agreeing to a third alternative - increased funding to the college system, which her government is

depending upon to provide the skilled workers which Ontario so desperately needs.

Two reports are now on the Minister's table: the Fisher Report tells her in plain English that Ontario's once proud university system is crumbling; the College Growth Report warns that colleges are in dire straits.

Early in January, her Director of Universities Relations Branch, Roger Cummins, attempted to counter criticism of university underfunding by saying that critics have failed to include community colleges in their statistics. Well, now we have the college statistics, and they make it clear that the Minister is starving all her children with equal irresponsibility.

Letters Letters Letters

Editor:

Minden Council has strongly condemned the Peterborough - Haliburton Tourism Development Strategy which was published recently. I wonder how many of our council members have actually read the report, which consists of two volumes and about five hundred pages. The report makes interesting reading and much of what it contains is good.

I would like to quote the following from the report:

"The value of tourism to a community is often underestimated. Municipal governments should take a more active role in tourism development. In particular:

- Detailed planning at the local level is required in order to establish the policies for tourism development. Municipal governments are in a position to coordinate the diverse and sometimes competing interests in those areas which affect tourism. Clear and concise local tourism policy would make the tourism planning and development process more efficient.

- Municipalities can do the

most to improve local image and ensure proper theming. Programs at the local level, especially visual improvement programs and recreational improvements, probably have the greatest impact on travellers to the area. Attractive streetscapes, parks, watercourses and roadside development can do much to improve the visitor's impression of the area and establish a framework conducive to expanding opportunities. Short-sighted local planning and development is probably the greatest deterrent to improving the environment for tourism."

Perhaps the reason Minden has not been recommended in the report as an area of prime tourism development potential is because our local council is lacking in action and foresight.

Minden council has no policy of any kind. Visual improvement programs do not exist at the municipal level. Several businessmen on Minden's main street have undertaken major improvements and should be commended for their

(more on page 5)

outdoors

by Ron Reid of the Federation of Ontario Naturalists

On a bright winter morning, it's not unusual to hear a serenade of high sweet-sweet notes tumbling down from the blue sky. If you can spot the source of these sunny notes, you will see a flock of small birds, usually just wheeling out of sight beyond the trees. These are the "winter finches," a group that includes a colourful array ranging from the purple finch (which looks like its head and shoulders have been dipped in raspberry juice) to the lemon-yellow goldfinch.

Goldfinches are common in southern Ontario year-round, but they retreat from the top end of their nesting range in northern Ontario for the winter. Even in winter, goldfinches retain a dusky yellow colour on their bodies and the black wings which make them so distinctive. In summer, the males of these "wild canaries" are a brilliant yellow, set off with a black cap to match the black wings.

Goldfinches are birds of the open field, especially if the field is one with lots of

thistles. Thistle seeds are an important part of the goldfinch diet, along with many other weed seeds and small fruits. The fondness of these birds for thistles is so pronounced that it is reflected in their official latin name - *Carduelis tristis*. "Carduus" is latin for thistle. "Tristis" means sad, presumably in reference to the plaintive flight-call.

Thistles are more than simply food for the goldfinch. They also serve as nestling in the tightly-woven nests placed in a small shrub or tree. Goldfinch nests are reportedly so tight that they hold water! The thistlebirds are late nesters, keeping to their large flocks until late summer before they pair off to nest. I can well remember my surprise at finding a goldfinch nest in a small pine, with a healthy set of fine pale blue eggs in mid-September. Despite this late nesting, obviously the goldfinch is a highly successful resident of the fields and roadsides of Ontario.

foresight and efforts.

What has council done? Even when asked for a small contribution to the Chamber of Commerce - to aid in promoting the whole of Haliburton County they could not make a decision.

Another example of lack of foresight is the proposed new zoning by-law which is about to be passed by our council without further public input. This document will set the pattern and guidelines for development within our municipality for the next ten years and should be much more open for public scrutiny and input. The proposed by-law provides no incentive for the private entrepreneur to pursue tourism development.

I am not condoning the tourism study but I feel it is time our Council looked to the future and took action for the future and maybe our potentials would be recognized in future studies.

Godfrey Saunders,
R.R. 1,
Minden.

Editor:

Mr. Davis: Yes, it was my son who was the goalie with a sore neck. Yes, maybe you should have given our player a stiffer penalty. But, there were two teams on the ice. I don't recall saying anything about winning or losing.

Our team has not done well this year at all. We have won a couple of games. If I was upset because they didn't win I would have said so. I would have been upset a long time ago. They don't win games but they try and all I'm saying is they should get the same chance as any other team.

There are always two teams on the ice no matter who they are and both should have the same opportunity to win or lose.

If our team can only win by playing rough, dirty hockey I hope they never win. Sure we have hot heads the same as any team but they are not a rough team unless they are pushed into it.

It's not who wins or loses it's how the game is played. I'm proud of what our boys have taken, not retaliating. A boy's broken neck or his life cannot be replaced. "Everyone Clean Up Hockey."

I was not the only one upset. Ask around.

FROM THE CHAMBER

By Bob Stinson

Haliburton Highlands

This week the Directors of the Chamber agreed that we were close enough to our target of \$8,000.00 to commit ourselves to the project and set the wheels in motion. Skyline Rides Ltd. were authorized to go ahead and order the "Haliburton Highlands - Yours to Discover" banner for the side of the balloon and finalize arrangements with Cadillac-Fairview for a schedule to attend 16 Metro shopping malls.

We must stress however, that we still are short of the \$8,000 by just over \$500 and are still looking for pledges. In actual fact we would like to raise a little over the target amount in order to cover expenses of the Chamber and possibly prepare a more attractive booth for the malls where we will be distributing our brochures. To pledge your support just call the Chamber at 286-1760.

Northern Eagle goes International

About a year ago Godfrey Saunders, proprietor of the Northern Eagle Tent and Trailer Park heard of a tour broker in England who was packaging Canadian camping holidays for the European market. In the description of their program there was no mention of Haliburton Highlands and Godfrey took it upon himself to write and inquire as to why he had left out the most beautiful part of Ontario.

His indignation certainly paid off when the president of Canadian Canvas Holidays Ltd. visited him last summer and spent the better part of a week camping there with his family and looking over the Highlands.

As a result, Haliburton Highlands and the Northern Eagle have a half page of coverage complete with pictures in the new 24 page brochure produced by the company and a number of sites have been set aside for their program all season. The concept is that a tent fully equipped with all amenities is set up on the site by the Tour Organizer and the visitor arrives by air from Europe, picks up his rented car at the airport and drives to his pre-arranged campground facilities on his own. A package often will include

several locations such as Northern Eagle but it was most encouraging to note that of 13 plans offered Haliburton was included in all but two of them.

Way to go Godfrey -- keep up the good work.

Tourism pioneer passes away

It was over 30 years ago that Art and Reta Hodgkinson purchased the highway property with a small snack bar on it known as the Wagon Wheel. The establishment was opened two summers previous to this by two school teachers who looked on it as a summer side-line. Art and Reta began to expand immediately and rapidly made it into a flourishing year round operation -- one of the first in the area to see the possibilities in the winter business.

Reta was well known by residents and visitors both for her friendly and helpful disposition as well as her wonderful home cooking and baking. She was missed from the industry when she and Art retired, and she will be sadly missed by her many friends in the community now that she has been taken from us. May she rest in peace.

Tell us what's happening

Some new avenues of communication are being developed through the radio media. George Gudgeon tells us that he is the new regional correspondent for CHAY-FM and he will be in touch with us on a regular basis to report on events and happenings. You can call George directly at 286-3399 or 286-3001.

On C.B.C. both A.M. and P.M. we have made contact with Doug Ryan who lives just west of Dorset and does a phone report "live" each Tuesday on the "Ontario Morning" show. He will be giving the Muskoka-Haliburton report so we are feeding him with lots of information for that purpose. Keep the Chamber posted on your event and Doug will hear about it.

The Ministry of Industry and Tourism is providing more and more publicity on events and attractions (even if they do get the odd phone number wrong) but as always they need a lot of advance

notice. The SUMMER events book is now being prepared and we need to supply them with information by the end of February on what is taking place during June, July and August. Please let us know now. What is happening!?

This Saturday, February 13th, in Gooderham it's the Annual "Stump Jumpers" Snowmobile Rally commencing at 2:00 p.m. with a wind-up dinner and dance at the Community Hall. You can participate in any one or more of the events with a discount price of only \$10.00 per

person to get into all three. Playing for the Dance is "The Centre Line".

In Minden, the Kinettes are holding a Valentine Dance at the Community Centre on Saturday also commencing at 8:30 p.m. and featuring D.J. Tommy Williamson. There will be a lunch served and of course, a special occasion permit is in effect. The Kinettes turn any money raised in these events back into community service.

The Federal Business Development Bank will be at the PineStone Inn on Febru-

ary 23 and 24. On Tuesday, the 23rd they will be running a one day crash course on "Basic Bookkeeping for Small Business Operators" from 8:30 a.m. to 4:30 p.m. The registration is only \$40.00 which includes all materials and your lunch.

On Wednesday the 24th they will be available for private consultation with any individuals who may be interested in either funding or counselling programs that they provide. During these trying times it may certainly help to have a chat with them -

they are here to help.

To register for the Seminar call Kathy McNeil in Peterborough at 748-3241 and to make an appointment for Wednesday call the Pine Stone at 457-1800. Why not do it right now?

Let's run around together.

Foamblowers clinch season title

The Rockcliffe Foamblowers wrapped up the Industrial Men's League regular season championship Monday night in a hard fought game against Minden Home Hardware at the Minden arena. Despite a great effort by Dave Willis, who rapped in two goals one minute apart to tie the game for Home Hardware late in the third period, Rockcliffe took season's honours on the basis of points as the game ended in a 7-7 tie.

Rockcliffe dominated the game early in the opening

period but Home Hardware was first on the scoreboard at 17:39. Rockcliffe hit stride and netted three in a row to go up 3-1 at 8:31, but Home Hardware wasn't outdone; they came back to tie the game three apiece with only 47 seconds left in the period.

Rockcliffe then opened up early in the second period to go ahead 4-3 after two and a half minutes. Minden was there again, though, two minutes later; they tied it 4-4 after several attempts in a big pileup in front of the Rock-

cliffe net.

Home Hardware was called for trapping the puck at 12:34 and Rockcliffe took advantage of a penalty shot to go in front 5-4. But Home connected soon afterwards on a high wrist shot from the circle and the game was tied 5-5.

With 3:18 in the second period Rockcliffe came through again with a low sliding shot that hit the corner. The teams retired after two periods with Rockcliffe in the front 6-5.

Both teams came into the final period playing a conservative game. Home Hardware's goalie put up a strong showing throughout the period, but Rockcliffe finally beat him at 6:25 and it seemed like the 7-5 score would be enough to clinch it.

But, the period opened up when Home Hardware went down two. Willis banged in his first goal with two minutes left to play, and got a second from the same spot on the ice with 1:16 showing on the clock. Home Hardware's goalie left the net with 23 seconds in the game and the team poured it on. Rockcliffe's goalie, who had a big game throughout, drew a penalty with 14 seconds to play. The call was disputed and the nature of the offense wasn't clear, but one fan said that he was given the gate for mouthing. But the two-man advantage wasn't enough for Home Hardware. The Foamblowers dug in hard and the

The Rockcliffe Hotel Foamblowers finished at the top of the league Monday night. Members of the championship team include, from the left, front row, Jerry Campbell, Dave Brown, Randy Ellison, Ron Dennys and Andy Campbell. Back row, Jeff Campbell, John McAdam, Al Stender, Larry Kent, Wally Stender, Randy Cole, Manny Wolfrath and Marvin West.

Brown takes scoring race

David Brown led the scoring in the regular season for the Minden Men's Recreational Hockey League. Playing for the Rockcliffe Hotel Foam Blowers, Brown amassed 69 points in the season which closed Monday evening.

During the season of 15 games, Brown scored 34 goals and assisted in 35 others for his team. Brown also received 17 minutes in penalties, the tenth highest in the league.

The following are the goal scoring statistics.

PUCK TALK

Tykes

The Minden Tykes have played three exhibition games so far this season, all with the Haliburton team. The Minden boys won the first two and lost the last one. In the first game it was Minden 4 - Haliburton 2. The second game saw the Minden team blank the visitors by a 4 - 0 score. While the third contest Minden was edged by Haliburton 2 - 1.

The Tykes play again this Saturday when they meet Lakefield at 1 p.m. in Minden.

Novice

The Saturday game against Sunderland was cancelled.

Atom

In the first game of a round robin play-off, Minden defeated Sunderland by a 5-4 score. The game was played Saturday afternoon in Minden.

Scott Russell scored three goals for Minden, one in each of the periods. Tom Heppleston and Lee Raback assisted on the first, Joey Boyle and Lee Raback on the third while Russell's second goal was unassisted. Jay Scott picked up one of the other Minden markers, the assist going to Scott Russell and Mike Hughes. Robie Ackersblade scored the final tally for the Monarchs on a pass from Scott Russell.

Kent Taylor was back between the pipes for Minden and turned in a strong game.

Pee Wee

Gord Wood scored all three Minden goals as they went

down to an 11 - 3 defeat at the hands of Bobcaygeon Tuesday (February 2) evening. Assists on the hat trick came from Scott Russell and Tom MacLeod on the first, David Schell and John Wells on the second, and John Wells again on the final tally.

Back in Minden Saturday, the same teams battled to a 9-2 finish with Bobcaygeon once again claiming the win. Scott Russell scored for Minden from Tom MacLeod, while the second tally came from MacLeod with the assist to Russell.

Bantam

In the first game of a round robin play-off, the Minden Bantams were defeated by Little Britain, 5 - 3. The loss came Thursday evening in Minden.

The game did not open up until the third period with the first frame being scoreless and the second seeing only one goal being scored for the visitors. Mike Gorveatt gave Minden a one goal lead early in the third period on two goals one assisted by Craig Burk and Glenn Hall, the second unassisted. However, Little Britain then scored four goals in the space of four minutes to secure the win. A late goal from Paul Walker added to the Minden tally. Assist on his goal went to Mike Gorveatt.

Jeff Howe picked up a shoulder injury in the game and will be sidelined for the next few matches.

Back in Minden Saturday, the Monarchs were defeated

by Orono 3 - 1. The lone Minden marker came from Greg Newell with the assist being credited to Paul Walker.

Sunday evening the Bantams claimed their only victory of the week as they defeated Sunderland 5 - 1. The local team was handicapped by missing two regular players, but they still managed the win.

Greg Newell led the attack for Minden scoring four goals, three unassisted. Help on the fourth came from Paul Aggett. Daryl Ward scored the other Minden marker with Tom MacLeod assisting.

Andrew Burk was in goal for Minden.

Midget

Little Britain defeated Minden 8 - 2 in a game played Saturday at the local arena. It was the first of a round robin play-off series. Scott Hamilton scored for Minden from Jeff Stamp and Wade Barry. The second marker came from Rob MacLeod with Scott Hamilton and Jeff Stamp getting the assist.

Juvenile

Minden and Millbrook Juveniles traded games during the week to leave their best of seven play-offs tied at a single point each. Thursday in Millbrook the hosts defeated Minden 4 - 3. The scores were reversed in Minden Friday evening.

The schedule

Friday, February 12: 8 p.m. Millbrook Juveniles at Minden.

Saturday, February 13: 1 p.m. Lakefield Tykes at Minden.

2 p.m. Oakwood Novice at Minden.

3 p.m. Omeme Atoms at Minden.

4 p.m. Bewdley Pee Wees at Minden.

5:30 p.m. Bewdley Bantams at Minden.

7 p.m. Bewdley Midgets at Minden.

Locals eliminated from Tankard

The annual Ladies Tankard was held last week in Minden at the curling rink with teams from Fenelon Falls and Sutton advancing to the regional play-offs next month.

Nine communities were represented at the annual event which is sponsored by Ontario Ladies Curling Association. Each community can send two rinks, with the combined scores being used to determine the final placing.

Both Minden entries won their opening round on Tuesday, but were defeated Wednesday to be eliminated from further play. The two rinks from this community included skip Penny Obee, vice Sally Bonner, second Lois Titus and lead Eleanor Hall; skip Dale Austin, vice Nancy Garbutt, second Gwen Cox and lead Marion Anderson.

The competition drew a large and appreciative audience of local curlers who watched the action on both days.

Two curlers put their weight into their work as they bring home a stone during the finals of the Tankard bonspiel. Both Minden rinks were defeated in Wednesday's games.

High scoring weekend for Huskies

It was a high-scoring weekend in Junior 'C' action. The Huskies split a pair of games against Midland and Bracebridge, netting a total of 17 goals and having the same number go in against them.

Chris Hodgson and Dave Nicholls both picked up two goals against the Centennials in Midland Friday night, and Shaun Chapman, Kevin Shapiera and Scott Arbuthnot provided the others to take Midland 7 - 5. It was a penalty-filled affair but the play was even until four straight goals by the Huskies put the game in their hands.

Midland opened things up half way through the first period with the teams even. Shaun Chapman tied it for Haliburton with three minutes left on an unassisted goal, but Minden went out in front again a minute later. With thirty seconds remaining Hodgson bagged his first on a power play with assists from Dave Nicholls and Rob Abbs. The first period ended in a 2-2 tie.

The middle period belonged to Haliburton, even though Midland jumped ahead 3-2 after only a minute of play. Haliburton responded with four straight. Kevin Shapiera tied it 3-3 when he connected from Chapman and Don Manary at the 7:44 mark. Arbuthnot took passes from Hodgson and Duff Mitchell at 8:28 to put Haliburton up 4 - 3, and Hodgson got his second from Arbuthnot and Ed Roberts at 8:44 it was Haliburton 5, Minden 3. Then Dave Nicholls combined with Darren MacInnes with seven minutes left to make it 6-3. Midland finally rallied with two minutes left on a power-play goal, but Nicholls put in some insurance for Haliburton with only ten seconds left in the period. He took passes from MacInnes and Ron Yake to make it 7 - 4 at the buzzer.

Midland surprised Haliburton with a short-handed goal to open scoring in the third period, but the rest of the game was a standoff. Haliburton held on to a 7-5 lead for the remaining 14

minutes and went to the dressing room with a victory to start their weekend.

Lose to bears

The Huskies didn't fare so well at home Sunday night against the Bracebridge Bears, however. The Bears dealt them a high-scoring 12-10 loss in which both teams racked up two three-goal streaks and both goalies retired seeing spots. It was 3-2 Haliburton after one, 8-7 for the Huskies after two, and Bracebridge only made it 11-10 with three minutes to play, but the Huskies couldn't catch them and the twelfth and final tally came with a minute remaining in the game.

Despite the loss it was another bumper night for the Huskies high-flying Ron Yake. He came away with four goals and three assists, while linemate and fellow marksman Dave Nicholls netted three with two assists. Tim Davies, Don Manary, Duff Mitchell and Scott Arbuthnot all had two assists, for the Huskies, and Ed Davis turned in two assists and a goal.

Bracebridge started the scoring spree at 2:01 of the opening period, and went up 2 - 0 four minutes later while shorthanded. Haliburton then rallied for three, the first

coming from Nicholls on a power play at 16:26. Ed Davis tied the game for the Huskies half a minute later with the teams back at fullstrength, and Nicholls got the go-ahead goal with only three seconds left and one Husky in the penalty box.

Three minutes into the second, Haliburton went up by two when Duff Mitchell connected from Davis and Yake. One minute later Bracebridge drew within one and after another thirty seconds they had tied it 4-4. Nicholls gave Haliburton the

edge again at 6:01 and then it was the Yake - Nicholls - Arbuthnot line coming up big for the Huskies. Ronnie Yake put two away twelve seconds apart with Nicholls and Arbuthnot assisting on both, but it was penalties that hurt the Bears at that point; both goals came while the Huskies had a man advantage.

Yake's display didn't seem to dampen the Bears much. With one man still in the box and the Huskies up 7 - 4, Bracebridge bagged a short-handed goal and went on to score two more in four minutes with the teams at full strength. The game was tied 7 - 7 at 14:59. Haliburton came through again in the dying seconds, however. This time Gary Harrison combined with Ed Roberts and Hodgson and

the Huskies retired sitting on a one goal lead.

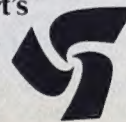

Being outscored 5 - 2 in the final period proved to be the end of the Huskies. Bracebridge tied it 8 - 8 after five and a half minutes. Twelve seconds later they were up by a goal, and at the 11:19 mark the Bears were in command 10 - 8. The Huskies still wouldn't let go. With ten goals against them Yake came through again halfway through the period. At 13:29 he converted a pass from Don Manary at 15:10, from Davis and Davies, Yake brought the

Huskies to a 10-10 tie. With three minutes left Bracebridge went ahead 11 - 10, and that finished the Huskies. The Bears added another with one minute and three second to play and it was Bracebridge 12, Haliburton 10.

The Huskies travel to Oro this weekend for a game Friday night at 8:30 p.m. Saturday they're back in Haliburton for a game against Penetang that gets underway at 8 p.m.

FEBRUARY 14

Think of your sweetheart's heart.
Be active together!

Dance planned for family

Citizens of Stanhope Township will be rallying to the support of two families who recently lost their homes to fire.

A dance is planned for this Saturday at the Stanhope Firemen's Hall with half the proceeds being donated to help Pat and Penny Wilson.

As well, contributions are still being received at the West Guilford Community Centre for the Wilson family and the Norm and Jean Berry family who lost their belongings in a fire last month.

For more information, residents are asked to get in touch with Pamela Rolfe at 754-2564.

Park fees raised

Provincial park fees will be going up this year, according to an announcement by the Ministry of Natural Resources. The increase will go into effect April 1.

Minister of Natural Resources Alan Pope said in the announcement that the increases are necessary to offset higher operating costs.

Under the new fee structure, a campsite with electricity costing \$7.50 in 1981 will cost \$8.00 this year, while a regular campsite will increase from \$6 to \$6.50.

The Ministry plans to continue with reduced rates for week-day packages and off-season camping, according to Pope.

NOTICE

IN THE MATTER OF the Municipal Act, and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to adjoining landowners part of the former travelled Old Twelve Mile Lake Road situate in Part of Lot 13, Concession 11, Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to Section 443 of the Municipal Act R.S.O. 1970, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden at its regular meeting to be held in the Municipal Council Chambers, Milne Street, Minden on WEDNESDAY, MARCH 10th, 1982 at 9:00 A.M. proposes to consider and, if deemed advisable declare its intention to pass, following appropriate statutory notice to the Clerk of the County Council of the Provisional County of Haliburton, a By-law to stop up, close and convey the above-noted portion of roadway more particularly described as follows:-

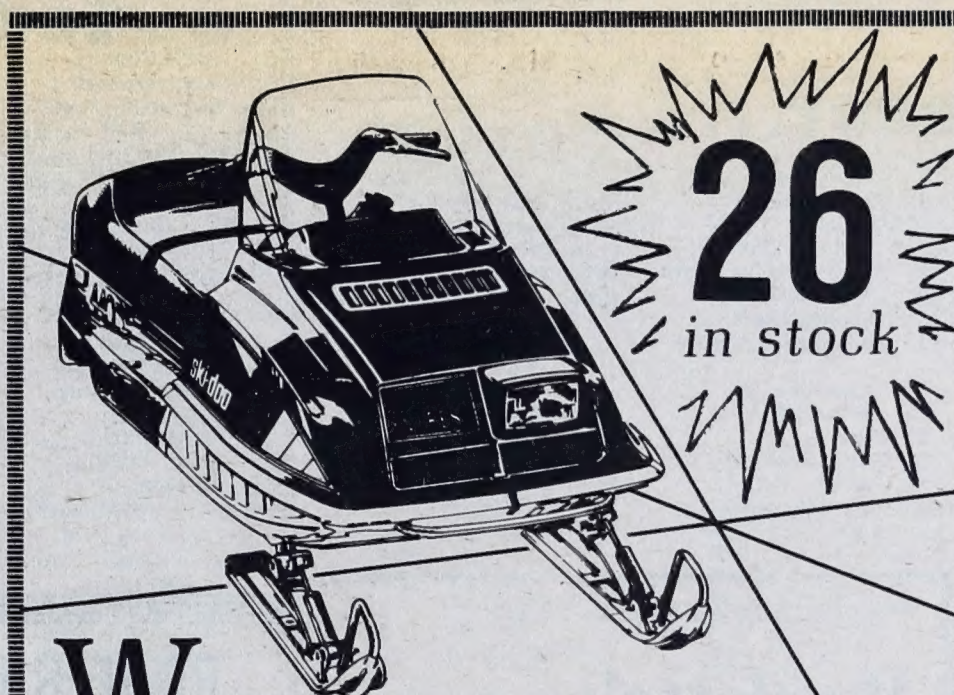

All that part of Lot 13, Concession 11, in the Township of Minden, in the Provisional County of Haliburton, designated as Parts 1, 2 and 3 on a Plan of Survey by H.C. Bishop, O.L.S. dated December 18, 1981.

AND FURTHER TAKE NOTICE that before passing said by-law at the meeting to be held at the time and place mentioned, the Council shall then and there hear in person or by his Counsel, Solicitor or Agent any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at MINDEN this 10th day of February, 1982.

Mrs. Elinor Burke, A.M.C.T.

A service to accommodate every family
we are privileged to serve

Minden, Ont. Telephone 286-2181
KOM 2KO RES. 286-2036

The winter carnival is over, for another year, I guess. Judging by the crowds, it was a real success. We enjoyed the bus ride down through Minden streets with Doris at the wheel. She handled it so neat.

Nice service in the chapel Sunday night. Harold Thompson read the lesson from Luke twenty-third chapter, and led in prayers. Mrs. Thompson played. Mr. Burgess took his text from the forty-sixth verse, "Father, into thy hands I commend my spirit". It was nice to have Mrs. Burgess with us again.

Monday afternoon the ladies were in the craft room again - some knitting afghans some making dolls. Others rolling skeins of yarn into nice neat balls. Watched two movies Monday night, which

were really grand, "The Living Lakes" and "Medical Mission to the Mayoland."

Tuesday morning Rev. George Elliott of Minden Anglican Church held a communion service in the chapel here. He spoke of Jesus calming the waters on the Galilean sea. He can do the same for you and me, if life gets hard, and the going rough, providing we have faith enough. To all who play music here at the Crest, and come each Tuesday night to give of their best.

To all the Ladies groups from country or town, serve a tea party each week, we are never let down.

Then there's Mrs. Coburn, and helpers - bless their hearts, always quite willing to do their own parts.

Then there's the

clergy who come Tuesday and Sunday - leave us well - blessed to start in on Monday.

To all of these volunteers we say a big "Thank You", and also three cheers.

Ellen Johnson had a birthday on the first of February. She has mellowed down a lot, is not quite so contrary. I went to see her on her ninety-third birthday. She seemed quite glad to see me, and this she had to say - "Bert, you'll lose all interest when you get as old as I am. I'm no longer interested in men."

The Robertson sisters, both Linda and Doris are always planning what they can do for us. We exercise down in the gym to keep our joints supple. In the craft room they are both teacher and pupil. Now, here are two gals, we really hold dear. I don't know what we'd do, if they ever ever left here.

I think I'll close my letter now. There's nothing more to tell.

Council briefs

Items from the January meeting of Anson, Hindon and Minden township council.

Anson, Hindon and Minden council has applied to the Ministry of Municipal Affairs for an extension to an application for a Community Planning Study grant. The grant, which goes towards rewriting the new zoning by-law, will be payable once the by-law has been amended and approved by council. Amendments will be made on the basis of objections received after the new by-law was circulated. There will not be a second public meeting to consider the new document, although a formal Ontario Municipal Board hearing must be held before the statute becomes law.

Property development

Council has been approached by Key Sight Property Ltd., the firm which has purchased the Daniel Lang property in Minden, with a request to operate new businesses in the vacant buildings on the lot. In response to a letter from Key Sight's lawyers, council agreed to the request on the condition that any new business be in compliance

Rotarians Ray Cox, left, and Ed Pergolas examine one of the new 'smoke eaters' installed last month at the Minden Community Centre. These machines will filter smoke and other impurities from the air. The Minden Rotary Club donated the funds to purchase the machines.

with existing by-laws governing the area. Key Sight will have to approve any new development on the property with council before it can take place. The property, situated on Highway 35, includes the Easton's Red and White store and several vacant businesses.

Art gallery committee

Council approved new appointments to the Art Gallery Committee for 1982. The new committee will include Yvonne Guida, Agnes Jamieson, Elizabeth Carrell, Barb Elder, Jean Cox, Gino Ziorjen and Margot Ziorjen.

News from THE COUNTY TOWN

by Yvonne Guida

Come one, come all to the Valentine Dance to be held Saturday, February 13th at the Minden Community Centre from 8:30 p.m. to 1:00 under special occasion permit. The dance is being sponsored by the Minden Kinette Club and all profits will be returned to community service. Tommy Williamson D.J. will provide entertainment and a lunch will be served. This is a very worthy cause and will certainly be a fun evening so let's have a great turnout.

Friends of Mary Maidens will be happy to hear that she is out of Civic Hospital in Peterborough and convalescing at home. We all wish her a speedy recovery.

Walter Noice spent a week holidaying with relatives Mr. and Mrs. Arthur Furney in Thorold, Ont. Walter had a great time as always. He also visited with his sister Ida, in Sunnybrook Hospital. Ida is now in her one hundredth year - God Bless her!

A youth group, consisting of fourteen young people from St. Giles Anglican Church in Scarborough, visited our Haliburton Highlands this weekend. After service at St. Paul's, they headed home, with, we hope, memories of a very pleasant stay.

I am very sorry to report that Reta Hodgkinson passed away at Ross Memorial Hospital in Lindsay last week. She is survived by her husband Arthur, daughters Yvonne (Mrs. Don Nye) and Carol (Mrs. Ken Cox) and grandchildren Arthur, Nancy and Christina. Our deepest sympathy goes to her family and many friends.

Vera Bagshaw has been confined to the Haliburton Red Cross Hospital recently. We hope she'll be coming home soon.

Let's not forget the Valentine's Tea to be held this Friday, February 12th at St. Paul's Parish from 1:30 to 3:30 p.m. The price for adults is \$1.00 and for children 50c. Come and meet your friends and have a pleasant afternoon.

Also, don't forget the free movies to be shown in the Common Room of the New Minden Cultural Centre. The movies for adults will be shown on Friday, February 12th from 2 to 3 p.m. The subjects will be - Heavy Horse Pull, Cape Breton Island, Frost Bite and Snow Blindness, and a visit to Apple Cider Country.

The movies for children will be shown from 7:30 to 8:30 p.m. the same day. The subjects are as follows - Circus

Slicker, Pepi who wanted a boy, The Ugly Duckling, Bear and Mouse, I Know an Old Lady, and others.

Another reminder, don't forget the Thrift Shop at St. Paul's Parish, open every Friday afternoon. They have some great buys so do take advantage.

I regretfully announce the deaths of Mr. Robert Moorehead, who is survived by his wife Cora, of Ashburn, Manitoba, and Mr. Gordon Swanton of Kinnmount. Our condolences to their families.

Our deepest sympathy to the Mike Maher family on the death of his father, who passed away last week.

Monday, February 8th was designated Heritage Day. A good day to reflect on our ancestors and their accomplishments.

Mark February 20 on your calendar for a special celebration at the Minden Curling Rink. The official opening of the facility will take place that evening.

Please check your roofs for all the snow that has been accumulating this winter. If left on the roof it could prove to be disastrous.

The Women's Institute will hold its meeting in the common room of the new Minden Cultural Centre on Wednesday, February 17th at 2 p.m.

The St. Paul's Parish Mini Card party winners are as follows - cribbage - Ethel Leigh and Lil Porter, euchre - lone hands - Carol Masson, Clair Brooks, and Mary McKelvey.

Watch for details of the forthcoming Shrove Tuesday Pancake celebration to be held in St. Paul's Parish Hall, February 23rd.

Mr. and Mrs. Craig Morrison of Toronto, spent the weekend with his mother, Mrs. Harold Morrison.

There was a lovely community shower for Bess

and Fred Cox held at the United Church, Wednesday, February 3rd. The shower was well attended with many friends of the couple.

Mr. and Mrs. Jim Graham of Huntsville and Theresa Melcher of Peterborough spent a delightful weekend with Mrs. Taylor Kernohan of Minden.

Early in April, Minden will be privileged to have a collection of paintings which are on loan and sponsored by C.I.L., on display at the New Minden Cultural Centre. The show consists of a number of paintings of artists who are renowned throughout Canada. The exhibit will open at the Agnes Jamieson Gallery, on April 6th, with a wine and cheese party which is by invitation only. Thereafter, the gallery will be open to the public on weekdays from 2 to 5 p.m., and on Saturdays, from 10:00 to 5 p.m. It is to be hoped that everyone will take advantage of viewing this interesting and beautiful collection.

Beginning Thursday, April 15th, there will be a weekly class in painting at the New Minden Cultural Centre from 2 to 4 p.m. This is a class for Senior Citizens, conducted by Yvonne Guida. Anyone who is interested, please contact me at 286-2539.

Mary Byrd Peterkin studied gourmet cooking with Dione Lucas and later wrote with her sister the High Hampton Cook Book. Her delicious recipe for Unusual Pot Roast follows - brown 5 lb. pot roast in butter. Add 2 teas. salt, 1 large onion, sliced thin, 1/2 cup red wine, 1/4 cup ketchup, 1 tbs. parsley, 1 tbs. beef extract, 1 tbs. Worcestershire sauce, 1/2 cup tomato juice, garlic salt and white pepper to taste.

Cover and cook for 3 to 4 hours, turning meat now and then. Add 1 can black bean soup and 2 tbs. sherry blended in sauce to make gravy.

Sunday, February 14th is Valentine's day, so I send a heart-felt bounty of good wishes to all Sweethearts, young and old. Happy Valentine's day!

Hi! Well lots more of the white stuff. I wonder where we'll put it all. We've got enough of it now to last into July. But I guess the skiers and snowmobilers are enjoying it.

The snowbanks are getting so high you can't see anything coming till you're out on the road. It makes driving very hazardous, so please drive carefully, and PLEASE watch out for children playing and sleighriding.

Senior citizens, remember every second Tuesday there is Meals On Wheels at the Wagon Wheel Restaurant. The cost is \$3. For further information please contact Mrs. Isobel Harrison at 286-2566 or Mrs. Gloria Lemieux at 286-1139.

The local Young People's Church Groups, had a sleigh ride Saturday afternoon at Clayton Cameron's. A very good time was had by all.

Jim, Jo, Joshua & Crystal Oatman were up from Shelbourne over the weekend for a visit and to do some ice fishing.

We were very sorry to hear of the passing of Mrs. Hodgkinson. Our prayers and sympathies are with the family.

I hear they are catching lake trout in Mountain Lake. I haven't caught any yet. Come to think of it, I didn't last year either. The old man did of course.

Major and Mrs. Lewis spent a few days in Oakville as Mrs. Bedlington still isn't too well.

The Junior Horticultural Society had lots of fun on their sleigh ride Friday night. Everyone had a great time toasting hot dogs and marshmallows over a bonfire after the ride. We wish to thank Mr. David Sisson for the ride and the bonfire, which made it such a wonderful evening for the Juniors.

So sorry to hear that Mr. John Harrison is in hospital in Peterborough. He has acute Leukemia. If you wish to send cards, it doesn't matter which hospital they are sent to, he will get them. I think he is in Civic, but am not sure.

Don't forget the films at the Minden Library Friday afternoon and evening.

Please help support your local libraries by reading their books. It doesn't cost anything and isn't it nice to get something free for a change?

Hint of the Week
Drying Tips - A sure way to dry children's boots fast. Drop the hose of a portable hair dryer into the boot. Let it run until the boot is completely dry. To dry a pair of shoes quickly, hang them under a chair by hooking the heels on the chair rungs. They will be out of the way and still receive circulation of air on both sides.

Lines
from
Lutterworth
by Jean Lacey

You're getting older when your knees buckle and your belt won't.

Kids Korner
Here are a couple of jokes from my little friend from Calgary, Esther Austen. Thanks Esther, keep them coming dear.
How does a musician sneeze?

Tchaivsky
John: I bet I can make you sneeze.
Bob: No you can't.
John: Knock Knock.
Bob: Who's there?
John: Ach.
Bob: Ach who?
John: Ha! Ha! I made you sneeze.

What do you get when you cross a porcupine with a goat?
A kid that's hard to handle

What happens when you eat yeast and shoe polish?
You will rise and shine

Father: Did you stir this soup with your left hand or your right hand?
Mother: My right hand of course.
Father: I thought so, you should have used a spoon.

Which animal keeps the best time?
A watch dog

Bye for now. Take it easy. God bless till next time.

February 27.

CARD OF THANKS

Minden Rotary Club would like to thank everyone who rode and helped in Snowarama on Saturday. Special thanks to John Francis Fuels, Gulf Oil, Gilles Conelly, Imperial Oil, Minden Marine, John Deere, Moore Lake Marine, Yamaha, for donating gas and oil. Minden OPP, HCSA, Bill Prentice, Peter Stribling and Gordy (flash) O'Brien.

Minden Rotary

We sincerely thank all who came out and contributed to the community shower held for us last Wednesday evening. Also those who sent gifts or dropped them off, due to the inclement weather.

Fred and Bess Cox

Thankyou: On February 1 our snowmobile became bogged down in slush in Lutterworth Township. After a number of hours we were able to walk out of the bush to get help which was warmly and generously offered. We would like to thank Mrs. Yvonne Pilon of Moore Falls for taking us in, the ambulance attendants for their prompt service, the hospital staff and Dr. Lodenquai for their genuine concern and efficient medical attention and the Ontario Provincial Police constables who saw us safely home after our ordeal.

Robert Brown and Marion Perigo, Oshawa.

AT REST

LUKE - JOHN (EDWARD)

A former employee of General Motors, John (Edward) Luke died at his residence, R.R. 2, Deep Bay Road, Minden, Sunday, January 31, 1982.

Son of the late Mr. and Mrs. Sylvanus Luke, he was born in 1903 at Scarborough Township, County of York.

He worked at General Motors in Oshawa for 25 years, retiring in 1966.

He was a member of UAW Local 222, the Horticultural Society of Minden and the Golden Age Bowling Club of Carnarvon.

Mr. Luke is survived by his wife, Edith Saunders; two daughters, Mrs. Jim Lonergan (Joan) of Oshawa, Mrs. Keith Purdy (Donna) of Bowmanville; two sons, Jack of Bowmanville, Robert of Minden; two sisters, Mrs. Everett Pipher (Queenie) of Oshawa, Mrs. Grace Dockerety of Oshawa; nine grandchildren and three great-grandchildren.

Mr. Luke was at Gordon A. Monk Funeral Home, Minden.

Funeral service was held Wednesday, February 3 at 1 p.m.

Spring interment will take place at Twelve Mile Lake Cemetery, Carnarvon.

Memorial donations to charity of choice would be appreciated.

AT REST

HODGKINSON - RETA

GLADYS - at the Ross Memorial Hospital, Lindsay on Friday, February 5, 1982 in her 73rd year, beloved wife of Arthur Hodgkinson, dear mother of Yvonne (Mrs. Don Nye) and Carol (Mrs. Ken Cox) loving grandmother of Arthur, Nancy and Christina, sister of the late Velma, Alvin and Jean.

Resting at the Gordon A. Monk Funeral Home, Minden after 2:00 p.m. Sunday. Funeral service in the chapel on Monday, February 8th at 11:00 a.m. Spring interment Minden Cemetery. Memorial donations to the Heart Fund or Minden Red Cross Hospital would be appreciated.

VOICEY, JAMES THOMAS

(JIM) - at Hyland Crest Senior Citizen's Home, Minden on Tuesday, February 2, 1982 in his 79th year, beloved son of the late Thomas and Ellen Voicey, dear brother of Ann (Mrs. M. Miscio), Laura (Mrs. Harrison) Joe, Ernest, Harry and Mae (Mrs. Frank Davis), predeceased by Elsie and Jack. Fondly remembered by nieces and nephews.

Resting at the Gordon A. Monk Funeral Home, Minden after 2:00 p.m. Thursday. Funeral service in the chapel on Friday, February 5th at 1:30 p.m. Spring interment Twelve Mile Lake Cemetery.
